I know how difficult life has been for you,

Joan and Betty and all the others in your good office
over the past 60 days or so as we have tried to schedule
courtesy calls, expedite votes and otherwise get the
ball rolling.

STATINTL

As in all things Congressional, we have all found frustrations, but I want you to know that I appreciate very much all that has been done to advance the cause and everything now appears to be coming down the homestretch.

Please extend my thanks and gratitude to all that endured so much during this period.
